Hiring: Technical Trainer – Data Structures & Algorithms (C/C++)

Xavric Solutions is hiring a Technical Trainer to deliver our program 'Mastering Data Structures & Algorithms using C and C++' – focused on coding fundamentals, problem-solving, and interview preparation.

Role Overview

Deliver offline training on:
• Core C and C++ concepts for DSA
• Arrays, pointers, recursion & memory management
• Linked lists, stacks, queues, trees, heaps & graphs
• Searching, sorting & hashing techniques
• Time–space complexity and asymptotic notation
• Interview-oriented problem solving & mini projects

Requirements

• Experience: 0 – 5 years (Freshers welcome)
• College professors & IT professionals can apply as part-time
• Strong programming skills in C and/or C++
• Good understanding of DSA topics (arrays, linked lists, trees, graphs, DP, etc.)
• Ability to explain concepts with live coding and examples
• Passion for teaching and mentoring students for placements

Location & Mode

• Location: Bhopal
• Mode: Offline (in-center)
