

# Hiring: Technical Trainer – .NET 7 Full Stack Developer (Professional Program)

Xavric Solutions is hiring a Technical Trainer to deliver our '.NET 7 Full-Stack Developer – Professional Program' — focused on building, deploying, and managing modern full-stack applications using .NET 7, ASP.NET Core, EF Core, and Visual Studio 2022.

## Role Overview

Deliver offline training on:

- .NET 7 architecture, CLR, FCL & cross-platform development
- C# OOP, class libraries & NuGet package management
- File handling, JSON/XML serialization & stream classes
- Delegates, events, lambda expressions & exception handling
- Asynchronous programming, multithreading & TPL
- LINQ, Entity Framework Core 7, migrations & SQL Server
- ASP.NET Core Web API, routing, controllers & middleware
- JWT authentication, authorization & API security
- Front-end integration with Angular/React/Razor Pages
- Deployment using IIS, Azure or Docker
- Full-stack project development & version control

## Requirements

- Experience: 0 – 5 years (Freshers welcome)
- College professors & IT professionals can apply as part-time
- Strong hands-on experience in C#, .NET 6/7, ASP.NET Core & EF Core
- Understanding of REST APIs, SQL Server, GitHub & Postman
- Exposure to Docker, CI/CD or cloud platforms (Azure) is a plus
- Ability to teach via code walkthroughs, debugging & real examples
- Excellent communication skills & passion for mentoring developers

## Location & Mode

- Location: Bhopal
- Mode: Offline (in-center)
